Whereas, the Pennsylvania Railroad Company has consented to the reconstruction of the said sewer under its property; Now, Therefore,

*The Council of the City of Pittsburgh hereby enacts as follows:*

Section 1. That the Mayor and the Director of the Department of Public Works are hereby authorized and directed to enter into an Agreement with the Pennsylvania Railroad Company for the reconstruction and relocation of a public sewer by the City under the tracks of the Brilliant Branch of the Pittsburgh Region of the Pennsylvania Railroad Company, the Agreement to be in substantially the following form:

THIS AGREEMENT, made this-----

day of -----, 1958,  
between THE PENNSYLVANIA RAILROAD COMPANY, hereinafter called the "Railroad Company,"

and

the CITY OF PITTSBURGH, a municipal corporation existing in Allegheny County, Pennsylvania, hereinafter called the "City," as second party.

#### WITNESSETH:

That the Railroad Company, in consideration of the covenants and conditions hereinafter stated on the part of the City, hereby consents to the construction, installation, maintenance, repair, renewal, operation, use and ultimate removal by the City, at its sole cost and expense, of a 21-inch combination sewer line, 492 feet in length, including two manhole structures, hereinafter called the "sewer line," occupying and crossing the property and under the tracks of the Brilliant Branch of the Pittsburgh Region of the Railroad Company between Valuation Stations 77+16 feet and 81+34 feet, in the City of Pittsburgh, Allegheny County, Pennsylvania, as shown on print of plan prepared by the Bureau of Engineering of the City's Department of Public Works, attached hereto and made a part hereof as Exhibit "A," but under and subject to the conditions and obligations

hereinafter mentioned which are accepted and agreed to as covenants by the City:

1. All materials and all work herein contemplated shall be furnished and performed by and at the sole cost and expense of the City and at such time and in such manner as shall be approved by the Regional Engineer of the Railroad Company; or the Railroad Company may, at its option, from time to time in case of emergency, furnish and provide such materials and do and perform such work or any part thereof.

2. The City at its sole expense and without disturbing or endangering the tracks of the Railroad Company, and in a manner approved by the Regional Engineer of the Railroad Company, shall construct, install and at all times maintain, repair and renew said sewer line. In the event that any defect shall appear in said sewer line, the City shall, upon notice in writing from the Railroad Company requiring it so to do, promptly maintain, repair or renew the whole or any part thereof. If the City shall fail to maintain, repair or renew the whole or any part of the said sewer line within a reasonable period, after due notification by the Railroad Company, or in cases of emergency which require immediate measures to protect and safeguard the property of the Railroad Company, its traffic, employees and patrons, the Railroad Company may, without prior notice to the City, provide the necessary materials for, and do and perform any maintenance, repair and renewal of said sewer line and the entire cost and expense thereof shall promptly be paid by the City on bill rendered by the Railroad Company.

3. In the event the Railroad Company shall be required or may desire at any time, or from time to time, to change the grade or location of any of its tracks or facilities, or to remove, construct or add to any of its tracks or facilities, or to remove, construct or add to any of its tracks or facilities upon land now or hereafter owned or used by the Railroad Company, then the City shall, without cost or expense to the Railroad Company, and within One Hundred Twenty (120) days after service of notice in writing requiring it so to do, make such adjustments or relocations in

its sewer line as may in the opinion of the Railroad Company be necessary and adequate. If relocation of said sewer line shall become necessary, an appropriate easement therefor shall be granted by the Railroad Company and the City shall thereupon release its rights to the easement granted herein.

4. The City hereby releases and waives all right or alleged right to ask for or demand damages from the Railroad Company for injury to or destruction of all property and equipment used in the construction, installation, maintenance, repair, renewal or removal of the said sewer line, and for injury to or destruction of said sewer line, including loss of service thereof, and whether attributable to the fault, failure or negligence of the Railroad Company, or otherwise, and the City hereby covenants and agrees to protect and save harmless the Railroad Company, its servants and employees from and against all loss, cost, damage and expense, and claims and demands therefor, caused by or attributable to the presence, location, construction, installation, maintenance, repair, renewal, use or removal of the said sewer line or injury or damage caused thereto or thereby, and whether to the property of the Railroad Company or to property in its possession, control or custody, to its employees, patrons or licensees, to the employees, patrons, contractors or licensees of the City, or to the persons or property of others who may seek to hold the Railroad Company liable therefor, and whether attributable to the fault, failure or negligence of the Railroad Company or otherwise.

5. The permission and license hereby granted shall be the personal privilege of the City and no assignment or transfer thereof shall be made, or other use be permitted than as herein stated, without the consent and agreement in writing of the Railroad Company being first had and obtained.

6. The City hereby agrees to pay or cause to be paid to the Railroad Company the cost of supervision, protection and inspection (including flagmen), which, in the judgment of the Railroad Company is necessary during the construction, installation, maintenance, repair, renewal or removal of said sewer line, upon bill rendered.

7. In the event that the Railroad Company shall furnish any materials for or do or perform any work of construction, installation, supervision, inspection, protection, (including flagmen), maintenance, repair, renewal or removal of the said sewer line, then the City shall promptly refund to the Railroad Company the entire cost and expense thereof plus fifteen percentum (15%) of the invoice cost of materials and ten percentum (10%) of labor charges for overhead, and in addition thereto, current vacation percentages, paid holidays, health and welfare benefits and all taxes paid or accrued by the Railroad Company upon wages of its employees engaged in such work for Railroad Retirement Fund, Railroad Unemployment Insurance and any other Social Security taxes paid or accrued on such wages by the Railroad Company.

8. The City shall provide and furnish to the Railroad Company, free of cost, two certified copies of the ordinance authorizing the execution of this agreement.

9. As a part of the consideration and inducement moving from the City to the Railroad Company for the consent by the Railroad Co., the City hereby covenants and agrees that no assessment of benefits or taxes of any character shall be levied or assessed against the Railroad Company or any of its property, or any property in its possession, control or custody, for the said sewer line and in the event of said Railroad Company or its property as aforesaid, being so assessed or liable for such benefits, the City agrees to pay the same promptly and protect and save harmless the Railroad Company therefrom; provided that the foregoing provision shall not prevent the City from charging the Railroad Company for any use of said sewer line by the Railroad Company or exempt the Railroad Company from payment of any charges for such use.

10. This agreement shall take effect at the expiration of thirty (30) days from the date when a copy thereof shall be filed in the Office of the Secretary of the Pennsylvania Public Utility Commission, Harrisburg, Pennsylvania; provided that, if the said Commission shall, prior to the expiration of such period, institute a proceeding affecting its validity under the provisions of Section

911 of the Public Utility Law, this contract shall only become effective upon the approval thereof by the said Commission.

11. The City agrees that the Railroad Company shall have the right to establish, without charge, two separate connections with said sewer line for the purpose of effecting drainage of surface waters collected upon lands now owned or used by the Railroad Company in the vicinity of said sewer line. The location of said connections shall be subject to the approval of the City's Director of Public Works.

12. This agreement shall be terminable upon mutual consent of the parties hereto provided that this agreement may be terminated by the Railroad Company upon the violation of the provisions of Paragraph 3 of this agreement by the City; and upon termination of this agreement, whether by mutual consent or otherwise, the City shall either take up and remove said sewer line from the property and right of way of the Railroad Company or fill and seal off the portion of said sewer line located in the property and right of way of the Railroad Company, and thereafter the right of way and property of the Railroad Company shall be restored to a neat, clean and safe condition.

This agreement on the part of the City is executed pursuant to Ordinance No. -----, approved-----.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed in duplicate, by their duly authorized officers, the day and year first above written.

ARTICLES OF AGREEMENT  
between  
PUBLIC AUDITORIUM AUTHORITY OF  
PITTSBURGH AND ALLEGHENY  
COUNTY

CITY OF PITTSBURGH

COUNTY OF ALLEGHENY

This Agreement dated as of the ---- day of -----  
in the year One Thousand Nine Hundred Fifty- ----, by and between PUBLIC AUDITORIUM AUTHORITY OF PITTSBURGH AND ALLEGHENY COUNTY (hereinafter called the "Authority"), a public body corporate and politic, exercising public powers of the Commonwealth as an agency thereof, organized and existing under and by virtue of the Act of the General Assembly of the Commonwealth of Pennsylvania, approved July 29, 1953, P. L. 1034, as heretofore or hereafter amended (hereinafter called the "Act"), party of the first part, and CITY OF PITTSBURGH and COUNTY OF ALLEGHENY (hereinafter called the "Incorporating Municipalities"), political subdivisions created and existing under and by virtue of the laws of the Commonwealth of Pennsylvania, parties of the second part,

WITNESSETH:

Whereas, the Authority was organized by the Incorporating Municipalities, pursuant to the Act, for the purpose of acquiring, holding, constructing, improv-

ing, maintaining and operating, owning, leasing, either in the capacity of lessor or lessee, public auditoriums; and

Whereas, the Incorporating Municipalities have determined that a public auditorium is necessary to benefit the people of the Incorporating Municipalities and of the Commonwealth by, among other things, increasing their commerce and prosperity and promoting their educational, cultural, physical, civic, social and moral welfare; and

Whereas, the Incorporating Municipalities have requested the Authority to undertake the acquisition and construction of a new public auditorium; and

Whereas, pursuant to the Act, the Authority proposes to acquire by purchase or lease a certain tract of land situate in the Second and Third Wards of the City of Pittsburgh, Pennsylvania, and proposes to construct thereon, equip and operate a public auditorium as that term is defined in the Act (which public public auditorium together with the site for the same is hereinafter called the "Project"); and

Whereas, the plans and specifications of the Project have been approved by the City of Pittsburgh, the County of Allegheny, the City Art Commission, the City Planning Commission, the Urban Redevelopment Authority of Pittsburgh and the Department of Labor and Industry of the Commonwealth of Pennsylvania; and

Whereas, the Authority has heretofore publicly advertised in accordance with the provisions of the Act for proposals for the construction of the Project and has received firm proposals for the construction of the Project; and

Whereas, the Authority has received grants-in-aid to assist in defraying the cost of the acquisition and construction of the Project from the Incorporating Municipalities and for said purpose has received contributions or holds commitments to make contributions from private corporations, firms, trusts, foundations and individuals; and

Whereas, the Authority requires additional funds to enable it to pay for the balance of the costs and expenses of acquisition and construction of the Project and to provide a reasonable margin for contingencies; and

Whereas, the Authority, in order to acquire the required additional funds, pending the issuance and sale by the Authority of its revenue bonds, proposes to borrow not exceeding \$14,450,000.00 from Banks under a Loan Agreement, incorporated by reference herein, in substantially the form submitted by the Authority to the Incorporating Municipalities on March 20, 1958, which is hereby in all respects approved; and

Whereas, the Authority proposes to issue its Auditorium Revenue Bonds (herein called the "Bonds") in one or more series, for the purposes contemplated or required by the Loan Agreement including, without limitation, the repayment of loans made to the Authority under the Loan Agreement, and the Authority may also issue Bonds to provide any funds (additional to those obtained grants-in-aid, contributions and bank loans referred to above) which may be required to complete the Project, all such Bonds to be issued not later than August 1, 1961, to mature over a period not more than forty (40) years after the date of issue thereof in such amounts that the annual debt service requirements, including amounts required to be paid for principal and interest and to be deposited to the credit of any sinking, purchase or analogous fund, shall be approximately equal, and to be in an aggregate principal amount not exceeding \$15,000,000.00 exclusive of Bonds issued in exchange or substitution for other Bonds; and

Whereas, as set forth in the Act, in acquiring and constructing the Project, the Authority will be exercising public powers of the Commonwealth as an agency thereof; and

Whereas, the Incorporating Municipalities desire to make annual grants from current revenues to the Authority to assist in defraying the costs of debt service of bonds issued by the Authority and the rental, if any, to be paid by the Authority to Urban Redevelopment Authority of Pittsburgh, and desire to enter into this Agreement providing for the payment of the same; and

Whereas, the Authority and the Incorporating Municipalities have been advised and believe that the entering into of this Agreement between the Authority and the Incorporating Municipalities is desirable in order to enable the Au-

thority to carry out the purposes for which it was created;

Now, Therefore, the parties hereto, in consideration of the agreements, covenants and conditions herein contained on the part of each to be performed, covenant and agree as follows:

Section A 1. The Incorporating Municipalities covenant and agree to pay to the Authority, or its assigns, as annual grants hereunder, an amount in each year equal to the sum of (a) the maximum annual debt service requirements on each series of Bonds outstanding on January 1 of such year and (b) the rental, if any, payable during such year by the Authority to Urban Redevelopment Authority of Pittsburgh in the sum of \$100,265.65. As used herein the term "maximum annual debt service requirements" with respect to any series of Bonds, shall mean the maximum aggregate amount required in any year to be paid on account of principal of, or interest on, such series of Bonds and to be deposited to the credit of any sinking, purchase or analogous fund established for such Bonds; provided, however, that the debt service requirements in respect of any fiscal year for a series of Bonds for which there shall have been established a sinking, purchase or analogous fund shall be determined after projecting the operation of such fund to the retirement of Bonds by redemption and giving effect to the reduction in the payments to be made in such year in respect of the principal of and interest on such Bonds by reason of such redemption.

2. Payment of said annual grants shall be made in equal semi-annual installments on the first day of May and November of each year commencing on May 1 of the year next following the year in which the first series of Bonds of the Authority is issued and continuing for so long as any Bonds of the Authority shall be outstanding and for so long as any rental shall be payable by the Authority to Urban Redevelopment Authority of Pittsburgh.

3. In the event that the operation of the Project by the Authority for any fiscal year of the Authority shall, after the payment of all costs and expenses of operation and current maintenance and the establishment of reserves for operation, maintenance and debt service,

result in an actual cash surplus available for payment of debt service upon the Authority's bonds and for payment of rental, if any, to Urban Redevelopment Authority of Pittsburgh, which cash surplus shall have been deposited with the Trustee under the Trust Indenture securing the Authority's Auditorium Revenue bonds, such surplus shall be allowed to the Incorporating Municipalities as a credit against the payment of the annual grants for the next succeeding calendar year of the Incorporating Municipalities, and the amount of the annual grant due during such next succeeding calendar year of the Incorporating Municipalities shall be reduced by the amount of such surplus. Such credit against the payment of the annual grant and reduction in the amount thereof shall in no case exceed the total amount of the annual grant for such year. The Authority covenants that it will deposit, at the end of each fiscal year of the Authority, any such surplus with the Trustee pursuant to the provisions of said Trust Indenture.

4. In the event there shall be surplus moneys after the payment of all costs and expenses of operation and current maintenance, the establishment of reserves for operation, maintenance and debt service and the payment by the Authority of debt service upon the Authority's bonds and the payment of rental, if any, to Urban Redevelopment Authority of Pittsburgh, the Authority covenants and agrees that such surplus moneys will be applied from time to time, as permitted by the Authority's Trust Indenture securing its Auditorium Revenue Bonds, only to the prior redemption or purchase of bonds of the Authority at the time outstanding, unless the Authority shall have received the prior written approval of the Incorporating Municipalities to apply such surplus moneys to purposes other than as aforesaid.

5. In the event the entire annual grant for any year of this Agreement is not paid when due out of the current revenues of the Incorporating Municipalities for such year, the balance of such annual grant shall be paid out of the current revenues of the next succeeding year or years and the Incorporating Municipalities covenant to include the amount not paid in their appropriations for such year or years.

6. It is the intention of the parties hereto that each of the Incorporating Municipalities shall be liable to pay its proportionate share of the annual grants due hereunder only from its current revenues.

7. Each Incorporating Municipality shall be responsible for fifty per cent (50%) of the total annual grant; except that if one Incorporating Municipality shall make capital contributions in excess of the capital contributions made by the other, each Incorporating Municipality shall be responsible for a proportionate share of the annual grants computed in accordance with the following formula

(a) Determine the amount of the total annual grant which would have been required if the Authority had outstanding on January 1 of the year in question (in addition to the Notes and/or Bonds actually outstanding on that date) a principal amount of Bonds equal to the difference between the capital contributions made on or before that date by the respective Incorporating Municipalities and assuming that such Bonds matured serially over a period of 40 years in such amounts that the Debt Service Requirements therefor were approximately equal and that such Bonds bore interest at the average rate of interest borne by the Notes and/or Bonds outstanding on such January 1.

(b) Divide the amount thus determined by 2.

(c) The resulting figure is the amount of the actual annual grant for such year payable by the Incorporating Municipality which has made the lesser capital contribution.

(d) The balance of the actual annual grant payable for such year is the amount payable by the Incorporating Municipality which made the larger capital contribution.

8. Each Incorporating Municipality covenants and agrees to provide in its appropriations for each of its fiscal years during the term of this Agreement, funds in an amount sufficient to pay its share of the annual grants required under the terms hereof to be paid by it to the Authority, or its assigns, in such fiscal year.

Section B 1. The Authority covenants and agrees that it will use its best efforts to acquire, construct and equip the Project, or cause the same to be acquired, constructed and equipped, as soon as practicable.

2. The Authority covenants and agrees to furnish each of the Incorporating Municipalities with a copy of its annual audit at the end of each of its fiscal years during the term of this Agreement, beginning with the audit for the fiscal year ending June 30, 19-----.

3. The Authority covenants and agrees to furnish each of the Incorporating Municipalities with a copy of its proposed budget at least thirty (30) days prior to adoption of such budget for each of its fiscal years during the term of this Agreement, beginning with the budget for the Authority fiscal year commencing July 1, 19-----, and to furnish the Incorporating Municipalities with a copy of such budget, as finally adopted, and any revision thereof.

4. The Authority covenants and agrees to submit to the Mayor and to the City Council of the City of Pittsburgh and to the Board of County Commissioners of the County of Allegheny all contracts or leases hereafter to be made, affecting the operation of the Project or any part or function thereof, having a term of three (3) years or longer, or which by reason of the provisions thereof with respect to renewal could be of duration of three (3) years or longer. Such submission shall in each case be made not less than thirty (30) days prior to the adoption by the Authority of resolutions approving the form and authorizing the execution of such contracts or leases. The Authority covenants and agrees that it will not approve the form of, nor authorize the execution of, any such contract or lease the terms and provisions of which may be in any particular unsatisfactory to either of the said Incorporating Municipalities; provided, however, that unless the Incorporating Municipalities, or either of them, within thirty (30) days of receiving a copy of proposed contract or lease, shall have given written notice to the Authority of their objections, if any, thereto, setting forth in reasonable detail their reasons therefor, the particular contract or lease under consideration shall be conclusively

presumed not to be unsatisfactory to them, or either of them.

5. The Authority agrees to maintain or cause to be maintained insurance, in the name of the Authority, against fire and such other hazards as are customarily insured against, upon the project in such amount or amounts, not less than 80% of insurable value in the case of fire insurance, as may be satisfactory to the Authority. In the event that any or all of the project shall be wholly or partially destroyed by fire or other casualty insured against, the Authority agrees that it will take all actions and do all things or cause the same to be taken or done, and cooperate in the taking of any such actions, which may be necessary to enable recovering to be made upon the policies of insurance covering the risk in order that the insurance moneys may be duly collected. In the event that any or all of the project shall be wholly or partially destroyed by fire or other casualty insured against, the Authority agrees that it will rebuild or replace but only to the extent of the proceeds of the insurance collected for such loss, the destroyed or partially destroyed buildings or structures.

6. The Authority shall, at its sole cost and expense, maintain general public liability insurance against claims for bodily injury, death or property damage occurring on, in or about the project and the adjoining sidewalks and passageways, such insurance to provide protection to the Authority to the limit of not less than \$200,000 with respect to bodily injury or death to any one person, to the limit of not less than \$5,000,000 in respect to any one accident and to the limit of not less than \$50,000 in respect to property damage.

7. The Authority shall, at its sole cost and expense, maintain boiler and pressure vessel explosion insurance in an amount at least equal to \$100,000 with respect to all boilers and pressure vessels in any building or structure constituting a part of the project from time to time. All insurance provided for in this agreement shall be effected under a valid and enforceable policy or policies issued by insurers of recognized responsibility.

8. It is understood and agreed that the annual grants payable hereunder shall continue to be payable at the time

and in the amounts herein specified, irrespective of whether or not there shall for any reason whatsoever be a delay in the acquisition and construction of the Project and irrespective of whether or not the Project shall be completed or any or all of the buildings, structures or improvements upon the premises shall have been wholly or partially destroyed, and irrespective of the taking of said premises or any portion thereof by condemnation or otherwise, the lawful prohibition of the Authority's use thereof, the interference with such use by any private person or corporation, or any eviction by the lessor or by paramount title, and that this agreement shall not terminate prior to the expiration of its term as provided in paragraph 4 hereof, nor shall there be any abatement of or redemption of any annual grant, for any cause whatsoever, whether similar or dissimilar to any of the foregoing, any present or future law to the contrary notwithstanding. The covenant of the Incorporating Municipalities to pay the annual grants are and shall be deemed separate and independent covenants, and the Incorporating Municipalities shall have no right of set-off, recoupment or counterclaim.

9. The Authority shall deliver to each of the Incorporating Municipalities one complete set of the final plans and specifications of the Project, and the Incorporating Municipalities shall have the right from time to time during the construction of the Project to inspect, through their properly designated agents, representatives and employees, the conduct of the work for the purpose of determining compliance with the plans and specifications. Any changes, modifications or additions to the plans and specifications, or any changes in the amounts paid to contractors, in the method of payment to contractors, including, but not limited to, releases of retained percentages, shall be submitted to the Incorporating Municipalities for approval. All determinations and approvals of the Incorporating Municipalities under the provisions of this paragraph shall be addressed in writing to the Executive Director of the Authority at its principal office, now located at 1046 Union Trust Building, Pittsburgh 19, Pennsylvania.

Section C 1. It is understood and agreed that the Authority may assign

all its right, title and interest in and to this Agreement to the trustee under the Trust Indenture entered into or to be entered into securing its Auditorium Revenue Bonds, and the Incorporating Municipalities hereby consent to such assignment, and, upon receipt of written notice thereof from the Authority, agree to pay or cause to be paid all annual grants hereunder in accordance therewith.

Section D 1. This Agreement shall take effect immediately upon its execution by the parties hereto and shall continue until the Authority shall have paid, or shall have deposited with the Trustee under the Trust Indenture sufficient funds (otherwise unencumbered) to pay, all principal and interest and expenses of redemption (if any) upon its Auditorium Revenue Bonds, together with the balance of the rental (if any) payable by it to Urban Redevelopment Authority of Pittsburgh.

Section E 1. This Agreement has been authorized on the part of the Authority by Resolution of its Board duly adopted at a meeting held \_\_\_\_\_, 19---

2. This Agreement has been authorized on the part of the City of Pittsburgh by Ordinance No. \_\_\_\_\_, approved on \_\_\_\_\_, 19---, recorded in Ordinance Book Volume ---, page ---, and published all in accordance with law.

## No. 192

**AN ORDINANCE** to regulate and restrict the location, use and occupancy of

buildings, structures and land for trade, industry, residence, and for public and semi-public and other specified uses; to regulate and limit the height and bulk of buildings and other structures; to regulate and determine the area of yards, courts and other open spaces; to regulate and limit the density of population; and for said purposes to divide the City into districts; to provide for its enforcement and administration; to prescribe penalties for the violation of its provisions; and repealing Ordinance No. 372 passed by the City Council of Pittsburgh July 30, 1923, approved by the Mayor August 9, 1923, as recorded in Ordinance Book, Volume 34, Page 556, and all amendments thereto.

Whereas, the City Council of Pittsburgh deems it necessary in order to encourage and protect the most appropriate use of land throughout the City; to stabilize and conserve the value of land and buildings; to provide adequate light and air; to secure safety from fire, panic and other danger; to prevent overcrowding of land; to lessen congestion in the streets; to facilitate adequate provision of water, sewerage, transportation, schools, parks, playgrounds and other public requirements; to facilitate the programming and execution of public and private development in harmony with these purposes, and in general to promote the health, safety, morals and general welfare of the community, all with the guidance of a comprehensive general city plan in accordance with a comprehensive zoning ordinance; Now Therefore:

### ARTICLE 1 PRELIMINARY PROVISIONS

Section 101: ENACTING CLAUSE. Be it ordained and enacted by the City of Pittsburgh, in Council assembled, and it is hereby ordained and enacted by the authority of the same, that from and after the passage and approval of this ordinance, the several classes of districts specified herein shall be established and the following regulations shall be in full force and effect.

Section 102: SHORT TITLE. This ordinance shall be known as the Zoning Ordinance, and the map referred to herein and made a part of this ordinance shall be known as the Zoning District Map.

Section 103: **EFFECTIVE DATE.** The effective date of this ordinance shall be the date of its signature or approval by the Mayor. [Approved May 10, 1958].

Section 104: **CONFLICT WITH OTHER ORDINANCES OR REGULATIONS.** Where a provision of this ordinance is found to be in conflict with a provision in any building or housing code, or in any applicable health regulations, or in any other ordinance of the City existing on the effective date of this Ordinance, or in any regulation issued under the authority of such code or ordinance, the provision which establishes the higher standard for the protection of health, safety and welfare shall prevail.

Section 105: **VALIDITY.** Should any section or provision of this ordinance be declared invalid, the same shall not affect the validity of the ordinance as a whole nor any part thereof other than the part so declared to be invalid.

Section 106: **PURPOSE AND INTENTION OF ORDINANCE.** The purposes of this ordinance are set forth in general terms in the Act of Legislature which enables the City to enact this ordinance, and in the preamble of this ordinance. The provisions of the ordinance shall be held to be the minimum requirements for the protection of the health and safety and welfare of the people at large, and to be designed to encourage the establishment and maintenance of reasonable community standards of physical environment.

It is fundamental to the purpose of the ordinance to recognize that many existing lots throughout the City are less adequate than others because of their location or odd shape or difficult topography, or any combination of these limitations. A claim of hardship under this ordinance, therefore, shall not be allowed on behalf of any lot because the physical characteristics of the lot prevent it from being built upon exactly as in another lot abutting or close to it or in the same zoning district. The regulations herein permit most such lots to be satisfactorily built upon. There can be some alleviation for other lots through variances (minor concessions) granted by the Board when special physical conditions make literal enforcement of the regulations either unsatisfactory in the interest of the people at large or actually

impossible. It is not the ordinance but the physical conditions that prevent a lot from accommodating a type or area or bulk of structure unsuited to it. For typical example, it is not intended that each lot in a Multiple-Family Residence District automatically become the prospective site for a multiple-family dwelling and use. If a lot in such a district, after provision of the yards and other open spaces prescribed for its own and adjacent property protection, has a buildable area too small in extent or dimensions for a multiple-family dwelling, then the lot may be used under its district regulations for another type of dwelling or structure permitted in that district.

In the protection of the health and safety and welfare of the people at large, and in the encouragement of the establishment and maintenance of reasonable community standards of physical environment, it is the intent of this ordinance to apply the regulations and provisions to property only within the City area but to consider the effect of such application on adjacent properties and neighborhood, without regard to municipal boundary lines. It is the intention that the administration of this ordinance, where it affects properties adjacent to the City boundary line, will be such as to promote equal administrative cooperation with other political subdivisions involved, for the benefit and protection of all affected properties.

This section shall be taken, together with all the provisions of this ordinance, when appraising "the spirit of the ordinance" as a guide to its interpretation.

Section 107: **FILING.** This ordinance, including the Zoning District Map, together with any succeeding amendments thereto, shall be on file and may be viewed by any interested person in the office of the Administrator.

Section 2802—HEIGHT EXCEPTIONS. The following exceptions to the provisions of the "HEIGHT" sections of the district regulations shall be permitted by the Administrator, in the districts indicated, under the procedure followed in securing an occupancy permit (see Section 3002) subject to: (a) all other provisions of this ordinance unless otherwise prescribed hereunder, and (b) such other provisions as are prescribed hereunder.

Section 2803—AREA EXCEPTIONS. The following exceptions to the provisions of the "AREA" sections of the district regulations shall be permitted by the Administrator, in the districts indicated, under the procedure followed in securing an occupancy permit (see Section 3002) subject to: (a) all other provisions of this ordinance unless otherwise prescribed hereunder, and (b) such other provisions as are prescribed hereunder.

A detached enclosed minor garage or a minor parking area may be located in the rear corner of a lot not closer to a street line than the buildable area of the lot, nor closer than two (2) feet to other rear and side lot lines, and shall not occupy more than one-third (1/3) of the area of the required rear yard.

2—Detached unenclosed minor garage located closer to a side lot line than ten (10) feet, in "R" Districts other than "R1-A." When the entire side

of a detached unenclosed minor garage (sometimes called carport) facing a side lot line is a wall, unbroken by openings glazed or unglazed, such garage may extend to within five (5) feet of said lot line, provided this exception will not result in the location of any portion of said garage within a required side yard.

3—Erection of a one-family dwelling on an accredited-zoning lot with waiver of lot area requirements and reduction in size of rear and side yards, in "R" Districts other than "R1-A" subject to the following:

A—A rear yard depth may be reduced so as to be one-half (1/2) the distance from the rear lot line to the front building line, when the depth of said lot is not great enough to allow the prescribed rear yard depth together with a dwelling structure twenty-five (25) feet deep.

B—Side yard widths of a corner lot may be reduced in conformity with the following tabulation on a lot having a width:

- (1) Within the range of thirty-three (33) to fifty-nine (59) feet, inclusive, in "R1" and "R2" Districts, or
- (2) Within the range of thirty-three (33) to fifty-four (54) feet, inclusive, in "R3," "R3-H," "R4," "R4-H," "R5" and "R5-H" Districts.

\*This dimension may be five (5) feet for a one-family dwelling not exceeding one and one-half (1½) stories or twenty (20) feet in height. When the Administrator determines that a driveway within a side yard is not necessary to provide vehicular

access to required automobile parking space on the lot, the required yard widths in the above table may be varied, provided neither side yard is less in width than the minimum according to lot width for one (1) yard, and the total width for both yards is not reduced.

(For reduction in side yard widths of an accredited-zoning lot less than thirty-three (33) feet in width for a corner lot or less than twenty-five (25) feet in width for an interior lot, see Board of Adjustment. Section 2903-3-C-(3).)

4—Front yard (or rear yard abutting street) reduction when adjoining properties have inadequate yards abutting the same street:

A—In "S," "R," "I," "C1," "C2" or "M1" Districts, when a zoning lot or an accredited-zoning lot is situated between two (2) lots having on each a main structure within twenty-five (25) feet of said zoning lot or accredited-zoning lot and closer to the same street than is permitted by the yard requirements of this ordinance, then the depth of front yard (or rear yard, as the case may be) on said zoning lot or accredited zoning lot, may be the average of the distances between said existing structures and the street. This provision shall not apply to yards for buildings exceeding two and one-half (2½) stories or thirty-five (35) feet in height in "R3-H" Districts, three (3) stories or forty-five (45) feet in height in "R4-H" Districts and nine (9) stories or eighty-five (85) feet in height in "R5-H" Districts.

B—In "C3," "C4," "C5," "M2," "M3" or "M4" Districts, when a zoning lot abuts a lot in an "R" or "I" District, having thereon a main structure, within twenty-five (25) feet of said zoning lot and closer to the street than is permitted by the yard requirements of this ordinance, then the depth of required front yard (or rear yard, as the case may be) on said zoning lot, may be the same as the distance between said existing structure and the street.

5—Loading space occupying a rear yard, in any district. A required loading space may occupy a required open rear yard or any part thereof, except in the case of a through lot.

6—Minor parking area located in any yard or yards abutting a street, in "C1," "C2" or "M1" Districts:

A—Shall comply with the provisions of Section 2603-4.

7—Minor parking area occupying required yard space in "R3-H," "R4-H," "R5-H," and "I" Districts.

A minor parking area in connection with structures which are listed below may occupy that portion of required yard which is in excess of that required for uses other than the following:

A—In an "R3-H" District, multiple-family dwelling exceeding two and one-half (2½) stories or thirty-five (35) feet in height.

B—In an "R4-H" District multiple-family dwelling exceeding three (3) stories or forty-five (45) feet in height.

C—In an "R5-H" District, multiple-family dwelling exceeding nine (9) stories or eighty-five (85) feet in height.

D—In an "I" District, any structure exceeding three (3) stories or forty-five (45) feet in height.

8—Minor parking area occupying side or rear yards not abutting a street, in "C" Districts:

A—Shall comply with the provisions of Section 2603-7.

9—Projection into, or location within, a yard of signs, in any district. Signs as prescribed in Article 25, unless otherwise limited thereunder, may extend or project or be located in required yards.

10—Projection into yards in any district except where otherwise noted hereunder:

A—A porte-cochere may be permitted over a driveway in a side yard, provided such structure is not more than one (1) story in height

and twenty (20) feet in length, and is entirely open on at least three (3) sides except for the necessary supporting columns and customary architectural features, and provided further that said structure shall be not nearer than five (5) feet to a side lot line.

B—Cornices, eaves, belt courses, sills, canopies or other similar architectural features (not including bay windows or vertical projections), may extend or project into a required side yard not more than two (2) inches for each one (1) foot of width of such side yard, and may extend or project into a required front or rear yard not more than thirty (30) inches. Chimneys also may project into a required front or side yard not more than one (1) foot provided the width of such side yard is not reduced to less than four (4) feet.

C—Open fire escapes may extend or project into any front or side or rear yard not more than four (4) feet.

D—Open balconies, not covered by a roof or canopy, which extend above the level of the first floor of the building, may be erected:

(1) In required rear yards other than on through lots provided such structures are not more than four (4) feet in depth and not closer to an abutting lot line than the required width of the side yard, and

(2) In any required yards abutting streets, provided such structures are not more than thirty (30) inches in depth.

E—Open structures such as porches, platforms or landing places which do not extend above the first floor of the building, having no wall more than thirty (30) inches high, and with no roof construction measuring more than four (4) feet from the under side of the supporting plate to the top of the roof, may be erected:

(1) In required front or rear yards, provided such struc-

tures are not more than eight (8) feet in depth and not nearer an abutting lot line than the required width of side yard, and

- (2) In required side yards abutting streets when the buildable area of the lot is not closer to the street than the buildable area of the abutting zoning lot on such street, provided that such structures are not more than eight (8) feet in depth.

The space beneath the projecting porch or platform may serve as part of an interior minor garage, provided no portion of the garage extends above the adjoining ground level or farther into the yard than the open porch or platform, and no garage doors open outward.

F—The following fences, landscape features and guard railings may be permitted provided such structures or features are not located so as to preclude complete access at all times about a main building; gates or other suitable openings at least two and one-half (2½) feet in width shall be deemed adequate for such access:

- (1) Open ornamental fences, hedges, landscape architectural features or guard railings around depressed ramps, in any yard, if maintained at a height of not more than three and one-half (3½) feet above the ground level adjacent thereto;
- (2) Railings not more than three and one-half (3½) feet in height constructed on any balcony, stairway, porch or landing platform;
- (3) Landscape features such as trees, shrubs or flowers, in any yard, provided they do not constitute a hedge effect contrary to the provisions of sub-item (1) above, or provided they do not conflict with the provisions of Section 2403-8;

- (4) In "S," "R" or "I" Districts, fences or lattice-work screens or walls not more than six and one-half (6½) feet in height, or hedges or thick growths of shrubs, maintained so as to not exceed said height, in any required side or rear yard, provided they do not extend closer to a street than the buildable area of the lot, and

- (5) In "C" or "M" Districts, screening walls and fences may be located in any required side or rear yard, except on corner lots or through lots where the yards abut streets.

11—Varying of side yard requirements for a one-family dwelling, exceeding one and one-half (1½) stories or twenty (20) feet in height, in "R" Districts other than "R1-A." When the Administrator determines that a driveway within a side yard is not necessary to provide vehicular access to required automobile parking space on the same zoning lot, the required side yard widths on an interior lot may be varied so that neither side yard is less than five (5) feet in width and the total width of both side yards is not less than fifteen (15) feet.

12—Waiver of requirements of lot area per dwelling unit or suite, in the "C5" District. A requirement of lot area per dwelling unit or suite need not be applied in the case of a hotel or an apartment hotel, provided there is compliance with the following:

A—Above the level of the third story, courts shall be similar in size to those prescribed in the "R5" District or a multiple-family dwelling exceeding three (3) stories in height, except that there shall be no type "A" court;

##### BOARD OF ADJUSTMENT

Section 2901—CREATION AND MEMBERSHIP. A Board of Adjustment is hereby established. The Board shall consist of three (3) members, to be appointed by the Mayor with the approval of Council. One (1) member shall be a member of the Commission. One (1) member shall be designated to serve until the first day of January, One Thousand Nine Hundred and Fifty-Nine (1959), one (1) until the first day of January, One Thousand Nine Hundred and Sixty (1960) and one (1) until the first day of January, One Thousand Nine Hundred and Sixty-One (1961). Their successors shall be appointed at the expiration of their respective terms to serve three (3) years. An appointment shall similarly be made for the unexpired term of any member whose term becomes vacant.

Section 2902—FUNCTIONS. The functions of the Board shall be. (a) to review determinations made by the Administrator and to interpret the provisions of the ordinance where there is doubt of its meaning or application; (b) to make variances in application of the regulations in cases of practical difficulty and unnecessary hardship, and (c) to pass upon Special Exceptions.

Section 2903—POWERS. The Board shall have all the powers and duties prescribed by the Act of Legislature of Pennsylvania authorizing the zoning of Cities of the Second Class, and those prescribed by this ordinance, which powers and duties are summarized and more particularly specified as follows, provided that none of the following provisions shall be deemed to limit any power of the Board which is conferred by the aforesaid Act of Legislature; however, the powers of the Board shall be strictly construed so that the spirit of this ordinance (see Section 106) is not violated.

1—Review and Interpretation. Upon appeal from a decision of the Administrator in accordance with the provisions of this ordinance and the rules of procedure of the Board, the Board shall:

A—Review any official action of the Administrator relating to the enforcement of this ordinance, and may reverse or affirm wholly or partly, or may modify any order, requirement, decision or determination appealed from as in its opinion ought to be made in the premises, in accordance with the purpose and intent of the ordinance as set forth in Section 106;

B—With the advice of the City Solicitor, interpret the application of the provisions of this ordinance, where there is doubt as to its meaning or application, and

C—After requesting a recommendation from the Commission in each instance, interpret the application of this ordinance, where the actual street layout varies from the street layout shown on the Zoning District Map, in such a way as to carry out the intent and purpose of the map.

2—Variances.

A—Upon appeal from a decision of the Administrator in accordance with the provisions of this ordinance and the rules of procedure of the Board, the Board shall have the power to vary or adjust the strict application of the requirements of this ordinance for only a use permitted in the district

where the lot is located, in the case of an exceptionally irregular, narrow, shallow or steep lot or other exceptional physical condition not provided for in the district regulations or as a Special Exception, where the strict application would result in practical difficulty or unnecessary hardship that would deprive the owner of the reasonable use of the land or structures involved, but in no other case. No variance in the strict application of any provisions of this ordinance shall be granted by the Board unless it finds:

- (1) that there are special circumstances or conditions, fully described in the findings of the Board, applying to the land or structure for which the variance is sought, which circumstances or conditions:
  - (a) are peculiar to such land or structure and do not apply generally to land or structures in the neighborhood and have not resulted from any act of the appellant or his predecessors in title subsequent to the adoption of this ordinance, whether in violation of the provisions hereof or not.
  - (b) are such that strict application of the provisions of this ordinance would deprive the appellant of the reasonable use of such land or structure,
- (2) That the variance to be granted by the Board is:
  - (a) for a use permitted in the district,
  - (b) one that will require the least modification of the prescribed regulation, and
  - (c) the minimum variance that will accomplish this purpose, and
- (3) that the granting of the variance will:
  - (a) be in harmony with the general purposes and intent of

this ordinance (see Section 106),

- (b) be in accordance with the general or specific rules herein contained, and
- (c) be not injurious to the neighborhood, or otherwise detrimental to the welfare of the people at large.

**B—**Since yard requirements related to a major traffic thoroughfare under this ordinance may in turn be related to the Commission's plan for development of the major highway network, before granting any variance in the required depth of front or rear yards or in the width of required side yards when such requirements are related to the center line of a major traffic thoroughfare, the Board shall request and shall consider a report with respect thereto from the Commission. The Board's findings with respect to such report shall become part of the findings of fact accompanying the Board's decision.

**3—Special Exceptions.** Upon application in accordance with the provisions of this ordinance and the rules of procedure of the Board, the Board shall determine the reasonableness and propriety in particular cases of any one (1) of the following Special Exceptions to the district regulations of this ordinance. The Board shall make its determination in conformity with the spirit of this ordinance (see Section 106) and may authorize the issuance of an occupancy permit for the following in conformity with (a) the provisions prescribed hereunder; and (b) all other applicable provisions of this ordinance, unless otherwise excepted hereunder.

(b) the club is a chartered non-profit organization other than a social, fraternal, business or professional organization,

(c) there is neither the sale nor dispensation of intoxicating beverages on the premises.

(d) all activities conducted on the premises are non-commercial and non-profit and in each instance, the Board determines that those activities will be not detrimental to the neighborhood, taking into consideration the physical relationship of the proposed use to the surrounding structures, the probable

##### CHANGE OF AMENDMENTS

Section 3101 — PROCEDURE FOR CHANGE. Whenever it is deemed desirable in order to meet the public needs, promote the convenience and welfare of the public, conform with good

zoning practice and the intent and purpose of this ordinance and adhere to the guiding principles of the comprehensive master plan, Council may by ordinance, after report thereon by the Commission and subject to the procedure provided in this article, amend, supplement or change the regulations, district boundaries or classification of property, now or hereafter established by this ordinance.

An amendment, supplement, reclassification or change may be initiated by the Commission or Council or by a notarized petition to the Commission from the owners of fifty-one (51) percent or more of the frontage of the property proposed to be changed, in any district or reasonable portion thereof.

##### 1—Petition for Map Change.

A—Form and Content. Petitions for change of district boundaries or reclassification of districts as shown on the Zoning District Map shall be on forms supplied and prepared by the Department. When the petition, bearing property owners' signatures, is filed with the Department, it shall contain or be accompanied by: (a) all the data and information pertinent to the understanding and judgment of the proposal, as may be prescribed or by the Commission for that purpose so as to assure the fullest practicable presentation of facts for the permanent record; and (b) a notarized statement by at least one (1) of the owners of property within the area proposed to be changed attesting to the truth and correctness of all facts and information presented with the petition. No petition will be accepted for filing later than six (6) months from the date of issue of the petition form.

B—Notice to Property Owners. After a petition has been filed and at least five (5) days prior to action thereon by the Commission, written notice of the pending petition and the character of the proposed change shall be sent by the Department to the owners of record at their addresses available in the office of the Board of Property Assessment, Appeals and Review

of Allegheny County, of all property within the affected area and within one hundred and fifty (150) feet thereof. Similar notice shall be sent to every association of resident or owners who shall have registered an association name for this purpose with the Department, and to the official Clerk or Secretary of any other political subdivision that is within one hundred and fifty (150) feet of the affected area. Results of replies received shall be reported to Council in the event that an ordinance proposing such change, however initiated, is introduced therein.

C—Action of Commission. If, from the facts presented and the data and information available from the Department or other public records, and pursuant to the provisions of this section, the Commission finds that the change involved in the petition is justified as proposed or modified, the change shall be recommended to Council. Otherwise, the petition shall be denied.

The Commission shall make its findings and determination in writing and shall forthwith transmit a copy thereof to the petitioner. If the petition is approved as proposed or as modified by the Commission, an ordinance for the change, together with the Commission's findings and recommendation, shall be forwarded to Council. A postcard notice of this action may be sent to each property owner to whom prior communication has been sent pursuant to sub-item B of this section.

D—Fees. A fee shall be paid upon the filing of each petition for a change of district classification, for the purpose of defraying the costs of the proceedings prescribed herein. The amount of said fee shall be as fixed by Council.

## 2—Ordinances.

A—Preparation. All ordinances for amendment, supplement, reclassification or change of the regulations, district boundaries or classifications of property, however initiated, shall be prepared by the

Department with the advice of the City Solicitor.

B—Fees. A fee shall be paid for the introduction of each ordinance for amendment, supplement, reclassification or change of the regulations, district boundaries or classification of property. The amount of said fee shall be as fixed by Council.

C—Notices and Public Hearing. Subsequent to the introduction in Council of any ordinance amending, supplementing or changing the regulations, district boundaries or classification of properties, Council shall set a date for a public hearing on the proposed zone change; and at least twenty (20) days prior to such hearing, written notice thereof shall be given to the Commission. Council shall not vote on any proposed zone change until after the public hearing.

Notice of the time, place and purpose of such hearing shall be given at least fifteen (15) days prior thereto, by the following methods:

- (1) For a hearing concerning a change of district boundaries or reclassification of districts as shown on the Zoning District Map:
  - (a) by at least two (2) publications on consecutive days in one (1) newspaper of general circulation in the City.
  - (b) by at least ten (10) printed or typewritten handbills, posted by the Department in conspicuous places upon the property to be changed and around the border and in the immediate neighborhood thereof, and
  - (c) by mailing of notifications by the Department as prescribed elsewhere in this article, to owners of record of all property within the affected area and within one hundred and fifty (150) feet thereof; and to the official Clerk or Secretary of any other political subdivision

within one hundred and fifty (150) feet of the affected area; and to every association of residents or owners who shall have registered an association name for this purpose.

- (2) For a hearing concerning the amendment of the text of this ordinance, or supplementing Zoning District Map:

(a) by at least two (2) publications on consecutive days in one (1) newspaper of general circulation in the City, which shall also convey the meaning of the proposed change, either by including both the unchanged and proposed change of those portions of the text that are involved, or by including a concise explanation of the amendment, and the title of the amending ordinance;

(b) by at least ten (10) printed or typewritten handbills posted by the Department in conspicuous places within the City, which may be posted in any neighborhood deemed to be affected by the change, and

(c) in the case of a supplement to the Zoning District Map, by the mailing of notification by the Department, to the official Clerk or Secretary of any other political subdivision which abuts the supplement area.

D—Action of Commission. When an ordinance proposing a zoning reclassification has been received from Council, the Commission shall issue notices to property owners of record, in the manner prescribed for petitions under sub-item 1-B of this section, unless such notice was given in connection with a petition filed within six (6) months prior to the introduction of the ordinance and similar in its proposals to those of the ordinance, in which case the notice need contain only the additional information as to the

time and place of the public hearing, as provided in sub-item 2-C of this section.

The action of the Commission upon said ordinance shall be as prescribed for action on a petition in sub-item 1-C of this section, and the Commission's report with findings and recommendation shall be submitted to Council.

E—Action by Council. The passage of an ordinance amending, supplementing or changing the regulations, district boundaries or classification of property, now or hereafter established by this ordinance, shall require the affirmative vote of seven (7) members of Council when:

(1) The Commission disapproves of the ordinance, or

(2) There is filed with the Commission or with Council, written protest against such ordinance signed by the owners, or agents having Power of Attorney for owners, of twenty (20) percent or more of any one (1) of the areas of property designated as follows:

(a) the area of the lots included in such proposed change;

(b) the area of the lots immediately in the rear or adjoining on the sides of the area proposed to be changed and extending one hundred (100) feet therefrom;

(c) the area of the lots directly opposite the area proposed to be changed and extending back from such opposite frontage one hundred (100) feet;

(d) the area of any other lots within one hundred and fifty (150) feet of the area proposed to be changed.

Any ordinance amending, supplementing or changing the regulations, district boundaries or classifications of property now or hereafter established by this ordinance, if not passed by Council within sixty (60) days after the required

public hearing thereon, shall not thereafter be passed by Council until and after a further public hearing shall have been held. Notification of this further public hearing shall be sent by the Department, as prescribed elsewhere in this article, to owners of record of all property within the affected area and within one hundred and fifty (150) feet thereof.

3—Notice of Change or Amendment.

Promptly after the effective date of any amendment changing the district boundaries or classification of property as originally established by this ordinance or by later amendment hereto, the Department shall send notice of the change to those owners of property within such changed area by mail, at their addresses available in the Office of Property Assessment, Appeals and Review of Allegheny County.

Where the change creates nonconformity, for which an occupancy permit is required (see Section 3002-1-C), the notification shall call attention to such requirement.

*The Council of the City of Pittsburgh hereby enacts as follows:*

Section 1. That the Mayor and the Chairman of the City Planning Commission be and they are hereby authorized and directed to enter into an agreement with the Urban Redevelopment Authority of Pittsburgh to provide for the performance of certain planning work for the Chateau Street West Urban Renewal Area Plan and Proposal by the Department of City Planning and for the payment of certain compensation to the City, the contract to be in substantially the following form:

### THIS AGREEMENT

MADE and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 1958, by and between the CITY OF PITTSBURGH, PENNSYLVANIA, acting through the Department of City Planning (herein called the "Contractor")

### AND

URBAN REDEVELOPMENT AUTHORITY OF PITTSBURGH (herein called the "Authority").

### WITNESSETH

Whereas, the Authority, under date of October 2, 1957, contracted with the United States of America for the receipt of an "Advance" under Title I of the Housing Act of 1949, as amended, by all amendatory Acts including the Housing Act of 1954; and

Whereas, pursuant to said contract for an Advance, the Authority undertakes to conduct surveys and make plans necessary to prepare for and to effectuate a certain redevelopment and renewal project situated in the area described in the attached Exhibit "A"; and

Whereas, the Authority desires to engage the Contractor to render certain technical advice and assistance in the preparatory undertakings under the contract for Advance;

Now, Therefore, the parties hereto do mutually agree as follows:

I. Employment of Contractor. The Authority hereby engages the Contractor to perform, and the Contractor hereby agrees to perform, the professional services hereinafter set forth.

II. Area Covered. All the Contractor's services shall relate to the area within the Chateau Street West Urban Renewal Area designated by the City Planning Commission of Pittsburgh by the geographical description contained in the attached Exhibit "A"—or to such modification thereof mutually agreed upon by the parties hereto and with the consent of the Housing and Home Finance Agency as may seem reasonable and desirable as a result of the studies produced during the period of this contract—which area is more particularly described in Exhibit "A" attached hereto and made a part hereof.

III. Scope of Services. The Contractor shall do, perform, and carry out, in a diligent and proper manner satisfactory to—and with the direction and approval of—the Authority, the following services, in two parts:

Part A—Preliminary Surveys. The following services are to be performed within a period of six months from the date of this contract for the purpose of assisting the Authority in the preparation of the Project Eligibility and Relocation Report.

1—Consult with and advise the Authority with respect to the purposes and methods of all surveys which are directed to identifying and describing the characteristics of land and buildings and people and their inter-relationships, which surveys therefore disclose the maladjustments which need to be ameliorated or abated through the processes of planning and replanning and redevelopment and improvement which are contemplated by this renewal enterprise. These surveys will include a detailed survey of existing land uses (to be performed by the Department of City

Planning), an "every structure" survey based on the requirements respectively of the Pittsburgh Building Code and the Allegheny County Housing Regulations, (formerly the Pittsburgh Housing Code) to be performed by the Allegheny County Department of Health and the Bureau of Building Inspection of the Department of Safety of the City of Pittsburgh, and a site-occupants' census survey to be performed by the Authority.

- 2—Analyze and interpret the findings of the surveys of existing conditions—those above mentioned or other—in the light of planning factors and planning procedures with which said surveys have not been concerned, so that the determinations thus evolved may be the basis for the general treatment of the renewal and redevelopment area, and may also be helpful in solving corollary problems of relocation of displaced families and persons.
- 3—Prepare a preliminary or first generalization of the legally required "redevelopment area plan," which plan shall show—in sketch form when possible—but not be limited to:
  - a—Suggested future land uses.
  - b—Major traffic circulation channels.
  - c—General and any special pedestrian circulation.
  - d—Boundaries of project area, of major clearance areas, of rehabilitation or building reconditioning areas.
  - e—Population distribution and proposed ranges of density and permissible building coverage and intensity.
  - f—Proposed continuing controls of land uses, by a proposed zoning ordinance or by a currently effective ordinance, or by more precise and more appropriate "regulatory conditions running with the land."

Part B—The preparation of the elements of a Proposal as required by the Urban Redevelopment Law of the Commonwealth of Pennsylvania and the elements of an application to the Housing and Home Finance Agency for a Loan and Grant necessary for the redevelopment

ment of the urban renewal and redevelopment project including, but not limited to the following services which are to be performed within a period of twelve months commencing upon the approval by the Housing and Home Finance Agency of the Project Eligibility and Relocation Report and authorization by the Housing and Home Finance Agency to proceed with final planning for this project. Upon written notification to the Contractor by the Authority, the Contractor shall commence to perform services set forth as follows:

- 1—The project boundary and the boundaries of the part or parts of the project which are to be clearance areas, and the part or parts which are to be rehabilitation areas—either involving or not involving reconditioning of buildings.
- 2—Complete patterns of access street circulations within the total area together with the pattern of the "through traffic" thoroughfares which afford inter-area (inter-district) vehicular communication; and the relationships of these patterns to the important streets in adjacent areas. Street right-of-way widths shall be designated and the roadway widths in feet or number of lanes or both.
- 3—The pattern of mass transportation routes through and within the renewal and redevelopment area together with indication of new or changed routes in environmental areas resulting from the revised central area pattern.
- 4—The patterns of pedestrian circulation wherever, and to the extent that, these represent in whole or in part planning innovations and departures from traditional arrangements, in any case differentiating the same within areas of different land uses.
- 5—A comprehensive automobile parking pattern, entirely "off-street" or a combination of that method with—where feasible—parking within the street right-of-way abutting the private property line and the replacement of present sidewalk facility by pedestrian easement through private property.
- 6—Plans showing the locations of, and designating the types of: public

schools, public recreation facilities, and other community facilities intended to be retained with or without modification, those to be eliminated, and those which are to be new.

7—Regulations and continuing controls to be applied throughout the project area.

8—Illustrative exposition of the site plan, including aerial photographs, a model or models, and such drawings and other material as will clarify the plan and facilitate the earlier and fuller understanding of it.

9—A schematic plan of the new utilities to be constructed and the old utilities to be conserved.

10—A plan showing the rough grading necessary to prepare the clearance area or clearance areas for redevelopment.

11—The relationship of the renewal plan to local objectives.

12—A land acquisition plan and program which will set forth the methods to be used to acquire land and which will designate which properties are to be acquired.

13—The Contractor shall furnish all finally approved written material and reports produced under Section III, Part B, hereof on master multilith stencils and shall furnish all finally approved maps, plans and drawings produced under Section III, Part B, hereof on Sepia tracings. The Contractor further agrees that the Authority may reproduce any or all of the reports, plans, and drawings prepared under the provisions of this agreement.

IV. Data to be furnished to Contractor. The Authority will furnish copies of all information and data gathered during certain surveys and investigations necessary to form a basis for the planning and carrying out the project. These surveys and investigations shall include, but not be limited to, those indicated in Section III, Part A, of this contract.

#### V. Personnel.

A—The Contractor represents that he has, or will secure at his own expense, all personnel required in per-

forming the services under this contract. Such personnel shall not be employees of, or have any contractual relationship with, the Authority.

B—All of the services required hereunder will be performed by the Contractor or under his supervision, and all personnel engaged in the work shall be fully qualified and shall be authorized, or permitted under State and local law to perform such services.

C—None of the work or services covered by this contract shall be subcontracted without the prior written approval of the Authority.

#### VI. Compensation.

A—The Contractor shall be paid by the Authority as total compensation for the services rendered under Section III, Part A, of this agreement, \$5,000.00.

B—The Contractor shall be paid by the Authority as total compensation for the services rendered under Section III, Part B, of this agreement, \$35,000.00.

#### VII. Method of Payment.

A—The payment to the Contractor for the services covered by Section III, Part A, of this contract shall be made in six equal monthly installments of \$750.00 each, and a final payment of \$500.00 upon said services being satisfactorily completed as required hereunder, and as determined by the Authority. Payment of the monthly installments will commence one month after the date of this contract and will be made monthly thereafter upon receipt by the Authority from the Contractor of (1) a requisition for payment specifying that he has performed the work under this contract in conformance with the contract, and that he is entitled to receive the amount requisitioned under the terms of the contract; and (2) a progress report describing the work performed during the month for which payment is requisitioned.

B—The payment to the Contractor for the services covered by Section III, Part B, of this contract shall be made in twelve equal monthly installments of \$2,625.00 each, and a final payment of \$3,500.00 upon said services being

satisfactorily completed as required hereunder, and as determined by the Authority. Payment of the monthly installments will commence one month after the date of the order by the Authority to proceed with the work embraced under Section III, Part B, of this contract, and will be made monthly thereafter upon receipt by the Authority from the Contractor of (1) a requisition for payment specifying that he has performed the work under this contract in conformance with the contract, and that he is entitled to receive the amount requisitioned under the terms of the contract; and (2) a progress report describing the work performed during the month for which payment is requisitioned.

It is expressly understood and agreed that in no event will the total compensation and reimbursement, if any, to be paid hereunder exceed the maximum sum of \$40,000.00 for all of the services required.

VIII. Terms and Conditions. This agreement is subject to and incorporates the provisions attached hereto as Part II—Terms and Conditions (Form H-621-B, dated July, 1957).

PART II—TERMS AND CONDITIONS

1. Termination of Contract for Cause. If, through any cause, the Contractor shall fail to fulfill in timely and proper manner his obligations under this Contract, or if the Contractor shall violate any of the covenants, agreements, or stipulations of this Contract, the Local Public Agency shall thereupon have the right to terminate this Contract by giving written notice to the Contractor of such termination and specifying the effective date thereof, at least five days before the effective date of such termination. In such event, all finished or unfinished documents, data, studies, and reports prepared by the Contractor under this Contract shall, at the option of the Local Public Agency, become its property and the Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents.

Notwithstanding the above, the Contractor shall not be relieved of liability to the Local Public Agency for damages sustained by the Local Public Agency by virtue of any breach of the Contract by the Contractor, and the Local Public Agency may withhold any payments to the Contractor for the purpose of setoff until such time as the exact amount of damages due the Local Public Agency from the Contractor is determined.

2. Termination for Convenience of Local Public Agency. The Local Public Agency may terminate this Contract any time by a notice in writing from the

Local Public Agency to the Contractor. If the Contract is terminated by the Local Public Agency as provided herein, the Contractor will be paid an amount which bears the same ratio to the total compensation as the services actually performed bear to the total services of the Contractor covered by this Contract, less payments of compensation previously made: Provided, however, that if less than sixty per cent of the services covered by this Contract have been performed upon the effective date of such termination, the Contractor shall be reimbursed (in addition to the above payment) for that portion of the actual out-of-pocket expenses (not otherwise reimbursed under this Contract) incurred by the Contractor during the Contract period which are directly attributable to the uncompleted portion of the services covered by this Contract. If this Contract is terminated due to the fault of the Contractor, Section I hereof relative to termination shall apply.

3. Changes. The Local Public Agency may, from time to time, request changes in the scope of the services of the Contractor to be performed hereunder. Such changes, including any increase or decrease in the amount of the Contractor's compensation, which are mutually agreed upon by and between the Local Public Agency and the Contractor, shall be incorporated in written amendments to this Contract.

4. Personnel .a. The Contractor represents that he has, or will secure at his own expense, all personnel required in performing the services under this Contract. Such personnel shall not be employees of or have any contractual relationship with the Local Public Agency.

b. All the services required hereunder will be performed by the Contractor or under his supervision and all personnel engaged in the work shall be fully qualified and shall be authorized or permitted under State and local law to perform such services.

c. No person who is serving sentence in a penal or correctional institution shall be employed on work under this Contract.

5. Anti-Kickback Rules. Salaries of architects, draftsmen, technical engineers and technicians performing work

under this Contract shall be paid unconditionally and not less often than once a month without deduction or rebate on any account except only such payroll deductions as are mandatory by law or permitted by the applicable regulations issued by the Secretary of Labor pursuant to the "Anti-Kickback Act" of June 13, 1934 (48 Stat. 948; 62 Stat. 740; 63 Stat.108; title 18 U.S.C., section 874; and title 40 U.S.C., section 276c). The Contractor shall comply with all applicable "Anti-Kickback" regulations and shall insert appropriate provisions in all subcontracts covering work under this Contract to insure compliance by subcontractors with such regulations, and shall be responsible for the submission of affidavits required of subcontractors thereunder except as the Secretary of Labor may specifically provide for variations of or exemptions from the requirements thereof.

6. Withholding of Salaries. If, in the performance of this Contract, there is any underpayment of salaries by the Contractor or by any subcontractor thereunder, the Local Public Agency shall withhold from the Contractor out of payments due to him an amount sufficient to pay to employees underpaid the difference between the salaries required hereby to be paid and the salaries actually paid such employees for the total number of hours worked. The amounts withheld shall be disbursed by the Local Public Agency for and on account of the Contractor or subcontractor to the respective employees to whom they are due.

7. Claims and Disputes Pertaining to Salary Rates. Claims and disputes pertaining to salary rates or to classifications of architects, draftsmen, technical engineers, and technicians performing work under this Contract shall be promptly reported in writing by the Contractor to the Local Public Agency for the latter's decision which shall be final with respect thereto.

8. Nondiscrimination. There shall be no discrimination against any employee who is employed in the work covered by this Contract, or against any applicant for such employment, because of race, religion, color, or national origin. This provision shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruit-

ment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In case of any subcontracting of the work covered by this Contract, the Contractor shall insert the preceding two sentences in its agreements with such subcontractors. The Local Public Agency, if required by the terms of its Contract with the Federal government hereinbefore mentioned, shall furnish the Contractor with nondiscrimination posters, which the Contractor shall display in conspicuous places readily seen by employees and applicants for employment.

G 9. Discrimination Because of Certain Labor Matters. No person employed on the work covered by this Contract shall be discharged or in any way discriminated against because he has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable hereunder to his employer.

10. Compliance with Local Laws. The Contractor shall comply with all applicable laws, ordinances, and codes of the State and local governments, and shall commit no trespass on any public or private property in performing any on the work embraced by this Contract.

11. Subcontracting. None of the services covered by this Contract shall be subcontracted without the prior written consent of the Local Public Agency. The Contractor shall be as fully responsible to the Local Public Agency for the acts and omissions of his subcontractors, and of persons either directly or indirectly employed by them, as he is for the acts and omissions of persons directly employed by him. The Contractor shall insert in each subcontract appropriate provisions requiring compliance with the labor standards provisions of this Contract.

12. Assignability. The Contractor shall not assign any interest in this Contract, and shall not transfer any interest in the same (whether by assignment or novation) without the prior written approval of the Local Public Agency: Provided, however, that claims for money due or to become due the Contractor from the Local Public Agency under this

Contract may be assigned to a bank, trust company, or other financial institution, or to a Trustee in Bankruptcy, without such approval. Notice of any such assignment or transfer shall be furnished promptly to the Local Public Agency.

13. Interest of Members of Local Public Agency. No member of the governing body of the Local Public Agency, and no other officer, employee, or agent of the Local Public Agency who exercises any functions or responsibilities in connection with the carrying out of the Project to which this Contract pertains, shall have any personal interest, direct or indirect, in this Contract.

(b) Any suit brought to recover the tax imposed by this ordinance shall be begun within six (6) years after such tax is due, or within six (6) years after a declaration or return has been filed, whichever date is later. Provided, however, that this limitation shall not prevent the institution of a suit for the collection of any tax due or determined to be due in the following cases:

(1) Where no declaration or return was filed by any person although a declaration or return was required to be filed by him under the provisions of this ordinance.

(2) Where an examination of the declaration or return filed by any person, or of other evidence relating to such declaration or return in the possession of the Treasurer, reveals a fraudulent evasion of taxes, including, but not limited to, substantial understatement of taxes deducted and of actual or estimated net profits or earnings.

**AN ORDINANCE**—To provide revenue for the City of Pittsburgh by imposing a tax for the year 1959 on certain classes of personal property; providing for the assessment and collection of the same; conferring and imposing powers and duties on the City Treasurer and imposing penalties.

*The Council of the City of Pittsburgh under the authority of June 25, 1947, P. L. 1145 (Act No. 481), and its amendments, hereby enacts as follows:*

**Section 1. Imposition and Rate of Tax: Exceptions.**—A tax at the rate of two mills on each dollar is hereby imposed for the year 1959 on the value of all personal property of the classes taxed by the County of Allegheny pursuant to the Act of June 17, 1913, P. L. 507, as amended and enumerated in Section 1 of said Act, owned, held or possessed by any resident, which as used in this section shall mean any person, persons, co-partnership or unincorporated association or company resident, located or liable to taxation within the City of Pittsburgh, or by a joint stock company or association, limited partnership, bank or corporation whatsoever formed, created or incorporated by, under or in pursuance of any law of the Commonwealth of Pennsylvania or of the United States, or of any other State or Government, and liable to taxation, within the City, whether such personal property be owned, held or possessed by such resident in his own right or as active trustee, agent, attorney-in-fact, or in any other capacity or by any resident as trustee, agent or attorney-in-fact jointly with one or more trustees, agents or attorneys-in-fact domiciled outside of the City where such personal property is held and managed in this City, except as executor or administrator of the estate of a nonresident decedent and except as trustee for a resident or nonresident, religious, charitable or educational organization, no part of the net earnings of which inures to the benefit

of any private stockholder or individual or for the use, benefit or advantage of any other person, co-partnership, unincorporated association, company, joint stock company or association, limited partnership, bank or corporation; and the equitable interest in any such personal property owned, held or possessed by any resident where the legal title to such personal property is vested in a trustee, agent or attorney-in-fact, domiciled outside of the City, or where the legal title to such personal property is vested in more than one trustee, agent or attorney-in-fact, one or more of whom are domiciled outside of the City, and one or more of whom are domiciled within the City, and such personal property is held and managed outside of the City, and where such resident is entitled to receive all or any part of the income therefrom. No failure to assess or return the same shall discharge such owner or the holder thereof from liability therefor. Provided, that if the said County personal property tax, or law imposing the same is repealed, this shall not operate as a repeal of the City personal property tax or this ordinance, but the said City personal property tax shall continue until terminated by ordinance duly passed by Council of the City of Pittsburgh and approved as required by law.

Provided that the provisions of this section shall not apply to subjects excepted in said Act of 1913 as amended, and provided further that the provisions of this section shall not apply to personal property received, or acquired with proceeds of money or property received, before or after the effective date of this Ordinance, from any person or persons, co-partnership, or unincorporated association or company, nonresidents in or not located within this City, or before the effective date of this Ordinance from any person or persons, co-partnership, or unincorporated association or company, nonresident in or not located within this City on the effective date of this Ordinance, or from any joint stock company or association, limited partnership, bank or corporation formed, erected or incorporated by, under or in pursuance of any law of the United States or of any state or government other than the Commonwealth of Pennsylvania by any person or persons, co-partnership, non-incorporated association, company, joint

stock company or association, limited partnership, bank or corporation as active trustee, agent, attorney-in-fact, or in any other capacity for the use, benefit, or advantage of any person or persons, co-partnership or unincorporated association or company, nonresident in or not located within this City, or for the use, benefit or advantage of any joint stock company or association, limited partnership, bank or corporation formed, erected or incorporated by, under or in pursuance of any law of the United States or of any state or government other than the Commonwealth of Pennsylvania; nor shall the provisions of this section apply to personal property held for the use, benefit or advantage of any resident who shall have in each of the ten (10) preceding calendar years, given or contributed all of his net income to any corporation organized or operated exclusively for religious, charitable, scientific, literary or educational purposes.

**Section 2. Returns and Assessments.**—For the purpose of ascertaining the amount of tax payable under this Ordinance, it shall be the duty of every resident of the City of Pittsburgh liable to pay such tax to file a return of personal property. In order to eliminate the duplication which would result from the filing of a separate return for the City and a separate return for the County, the City of Pittsburgh hereby adopts the return filed with the Allegheny County Board of Property Assessment, Appeals and Review, in compliance with the Act of June 17, 1913, P. L. 507, as amended, as a return for the City of Pittsburgh in compliance with the requirements of this Ordinance, for the payment of a personal property tax by all persons subject thereto.

The assessments of personal property of residents of the City of Pittsburgh made by the County officials administering and collecting the County personal property tax, shall be used to determine the amount of tax due to the City of Pittsburgh under this Ordinance. The assessments so made shall have the same force and effect as if the assessments had been made initially by the City of Pittsburgh and are hereby adopted for City tax purposes.

The term "assessments" as used herein shall mean the final assessment as

adopted and used by County officials administering the County personal property tax after all petitions for reassessments, and appeals provided by law, have finally determined.

The Mayor and the City Treasurer are hereby authorized to enter into an agreement with the proper county officials for reimbursement or payment to the County of the expenses incurred in the furnishing to the City by the County Board of Property Assessment, Appeals and Review, of the names and addresses of taxables within the City, the assessments made of their personal property subject to the tax and such other information as may be agreed upon. Such payments shall be made from funds appropriated by City Council.

Any assessment of a tax on personal property against the estate of a decedent shall include, and be limited, to all property owned, held or possessed by the decedent which should have been returned by him for taxation for any former year or years, not exceeding five (5) years prior to the year in which the death occurs.

**Section 3. Payment of the Tax.**—Taxes imposed by this Ordinance shall be due and payable on May 1st of 1959. Taxes paid during the months of May, June and July shall be subject to a discount of 2% and if not paid within said months, shall be payable at face during August, 1959. Taxes unpaid by August 31st shall be considered delinquent and shall be subject to a penalty of 5% of the face amount of the tax, and interest at the rate of  $\frac{1}{2}$  of 1% per month until paid.

**Section 4. Collection of the Tax.**—All taxes, penalties and interest imposed by this Ordinance shall be paid to and collected by the City Treasurer. Delinquent taxes shall be recovered by the said Treasurer by suit in assumpsit or by such other methods as are authorized and allowed by law.

**Section 5. Fines and Penalties.**—

(a) Any person who shall make a false and fraudulent return or any person who fails or refuses to file any return containing the information required by this Ordinance shall upon conviction thereof before any alderman or magistrate, be sentenced to pay a fine of One Hundred (\$100.00) Dollars, and, in default

of payment of said fine, to be imprisoned in Allegheny County Jail or Allegheny County Workhouse for a period not exceeding thirty (30) days.

(b) It shall be unlawful for any person or persons, co-partnership, unincorporated association, limited partnership, joint stock association, or corporation whatsoever, in loaning money at interest to any person or persons, whether such loans be secured by bond and mortgage or otherwise, to require the person or persons borrowing the same to pay the tax imposed thereon by this Ordinance, and in all cases where such tax shall have been paid by the borrower or borrowers, the same shall be deemed and considered usury and subject to the laws governing the same.

(c) As used in this section the term "person" as applied to association shall mean the partners or members thereof, and as applied to corporations the officers thereof.

Section 6. Saving Clause.—If the tax or any portion thereof imposed upon any of the personal property of any of the classes hereinbefore described under the provisions of this Ordinance, or if any exception of any personal property of any of the classes as hereinbefore described from the imposition of the tax under the provisions of this Ordinance shall be held by any court of competent jurisdiction to be in violation of the Constitution of the United States or of the laws of the Constitution of the Commonwealth of Pennsylvania, the decision shall not affect or impair the right to impose the taxes or the validity of the taxes so imposed upon the personal property of the other classes as hereinbefore described or to impose the taxes on the personal property so accepted.

Section 7. The provisions of this Ordinance shall be come effective January 1, 1959.

Section 8. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

Section 3. (a) On and after the effective date of this ordinance, it shall be unlawful for any producer to continue to conduct, or thereafter to begin to conduct, any form of amusement at any permanent or temporary place of amusement or any itinerant form of amusement, within the City of Pittsburgh, unless an amusement permit or permits shall have been issued to him, the fees paid therefor as now prescribed by law and the tax herein imposed paid in accordance with the provisions herein made.

Upon suspending or revoking any amusement permit the Treasurer shall request the holder thereof to surrender to him immediately all permits or duplicates thereof issued to him, and the holder shall surrender promptly all such permits to the Treasurer as requested. Whenever the Treasurer suspends an amusement permit, he shall notify the holder immediately and afford him a hearing if desired, and if a hearing has not already been afforded. After such hearing, the Treasurer shall either rescind his order of suspension, or good cause appearing therefor, shall continue the suspension or revoke the permit.

Section 4. (a) For the calendar year 1959, a tax is hereby imposed upon the admission fee or privilege to attend or engage in any amusement at the rate of ten per cent (10%) of the established price charged the general public, or a limited or selected group thereof, by any producer for such privilege, which shall be paid by the person acquiring such privilege.

(b) In the case of persons admitted free or at reduced rates to any place of amusement at a time and under circumstances under which an established price is charged to other persons, the tax imposed by this ordinance shall be computed on the established price charged to such other persons of the same class for the same or similar accommodations, to be paid by the person so admitted. Provided, however, that children under twelve (12) years of age, disabled veterans and members of the armed services when on active duty and in uniform, who are admitted free of charge to any place of amusement, shall not be required to pay the tax imposed by this ordinance.

(c) In the case of persons having the permanent use of boxes or seats in any place of amusement or a lease for the use of such boxes or seats in such place of amusement, the tax imposed by this ordinance shall be computed on the price charged for such boxes or seats or rental charged for the use of such boxes or seats in such place of amusement, such tax to be paid by the holder or lessee.

Section 5. (a) Producers shall collect the tax imposed by this ordinance and shall be liable to the City of Pittsburgh as agents thereof for the payment of the same into the City treasury as hereinafter provided in this ordinance.

(b) Where permits are obtained for conducting temporary amusements by persons who are not the owners, lessees or custodians of the places where the amusements are to be conducted, or where the temporary amusement is permitted by the owner, lessee or custodian of any place to be conducted without the procurement of a permit or permits required by this ordinance, the tax imposed by this ordinance shall be paid by the owner, lessee or custodian of such place where such temporary amusement is held or conducted unless paid by the producer conducting the amusement.

Section 6. For the purpose of ascertaining the amount of tax payable by producers to the City of Pittsburgh, it shall be the duty of:

(a) Every producer, except as herein after provided, conducting a place of amusement, on or before the last day of each month to transmit to the Treas-

Every producer, at the time of making every report required by this section, shall compute and pay to the Treasurer the taxes collected by him and due to the City of Pittsburgh during the period for which the report is made. Provided, however, that such producer may deduct, therefrom two per cent (2%) thereof, providing payment is made on or before the due date thereof. The amount of all taxes imposed under the provisions of this ordinance shall in the case of places of permanent amusement be due and payable on the last day of the next succeeding month, and in the case of temporary or itinerant forms of amusement it shall be due and payable on the day the reports in such cases are required to be made under this section, and all such taxes shall bear interest at the rate of one per cent (1%) per month or fractional part of a month from the date they are due and payable until paid.

If any producer shall neglect or refuse to make any report and payment as herein required, an additional ten per cent (10%) of the amount of the tax shall be added by the Treasurer and collected.

Section 7. All such taxes shall be recoverable by the Treasurer as other debts of like amount are now by law recoverable.

Section 8. All taxes, interest and penalties received, collected or recovered under the provisions of this ordinance shall be paid into the treasury of the City of Pittsburgh for the use and benefit of said City.

Section 9. The Treasurer is hereby charged with the administration and enforcement of the provisions of this

ordinance, and is hereby empowered to prescribe, adopt, promulgate and enforce rules and regulations relating to any matter pertaining to the administration and enforcement of this ordinance, including provision for the re-examination and correction of returns and payments alleged or found to be incorrect, or as to which an overpayment is claimed or found to have occurred. Any person aggrieved by any decision of the Treasurer shall have the right of appeal as provided by law.

Section 10. The provisions of this ordinance are severable, and if any of its provisions shall be held illegal, invalid or unconstitutional, the decision of the court shall not affect or impair any of the remaining provisions of this ordinance. It is hereby declared to be the legislative intent that this ordinance would have been adopted if such illegal, invalid or unconstitutional provisions had not been included herein.

Section 11. Any person, co-partnership, association or corporation which shall fail, neglect or refuse to comply with any of the terms or provisions of this ordinance or of any regulation or requirement pursuant thereto and authorized thereby shall, upon conviction thereof before any alderman or magistrate, be sentenced to pay a fine of One Hundred Dollars (\$100.00), and in default of payment of said fine be imprisoned in the Allegheny County Jail or Allegheny County Workhouse for a period not exceeding thirty (30) days.

**PERSON:** Every natural person, association or corporation. Whenever used in any section prescribing and imposing a penalty, the term "person" as applied to associations shall mean the partners or members thereof, and as applied to corporations the officers thereof.

Provided, that where such document shall set forth a small or nominal consideration, the value thereof shall be determined from the price set forth in or actual consideration for the contract of sale, or, in the case of a gift, or any other document without consideration, from the actual monetary worth of the property granted, bargained, sold or otherwise conveyed, which in either event shall not be less than the assessment of such property made by the Allegheny County Board of Property Assessment, Appeals and Review.

Section 2. Imposition of Tax. A tax is hereby imposed on each transfer of real property situate within the City of Pittsburgh, or any interest therein, regardless of where the instruments making the transfers are made, executed or delivered, or where the actual settlements on such transfers take place. On and after the effective date of this Ordinance every person who accepts delivery of any document, or in whose behalf delivery of any document is accepted, shall be subject to pay a tax of one (1%) percent of the value of the property represented by such document, which tax shall be payable at the time of the acceptance of delivery of the document. L. 1742, or any amendments or reenactments thereof.

(a) In all cases, except deeds without consideration and gifts, where the full consideration for the document is not set forth in the deed, a certified copy of the affidavit prepared for the purpose of determining the real estate transfer tax payable to the Commonwealth of Pennsylvania shall be filed in the office of the Treasurer at the time the tax is paid.

Section 5. Enforcement of Ordinance—Powers and Duties of Treasurer. The Treasurer is hereby charged with enforcement of this Ordinance and is authorized and empowered to adopt rules and regulations relating to any matter pertaining to the administration and enforcement of this Ordinance, including but not limited to the method to be used in evidencing payment of the tax.

Section 6. Suit for Collection of Tax. The Treasurer may sue for the recovery of taxes due and unpaid under this Ordinance.

Section 7. Interest and Penalties. If for any reason the tax is not paid when due, interest at the rate of six percent (6%) per annum on the amount of said tax, and an additional penalty of one-half (1/2) of one (1%) percent of the amount of the unpaid tax for each month or fraction thereof during which the tax remains unpaid shall be added and collected. Where suit is brought for the recovery of the tax, the person liable therefor shall, in addition, be liable for the costs of collection and the interest and penalties herein imposed.

Section 8. Payment under Protest and Refunds. The Treasurer is hereby authorized to accept payment under protest of the amount of tax claimed by the City in any case where a person disputes the validity or amount of the City's claim for the tax. If it is thereafter judicially determined by a court of competent jurisdiction that there has been an overpayment to the Treasurer,

the amount of the overpayment shall be refunded to the person who paid under protest.

Section 9. Unlawful Acts. It shall be unlawful for any person to:

(e) Knowingly have in his possession any altered or restored documentary stamp or receipt which has been removed from any document upon which a tax is imposed by this Ordinance; provided, that the possession of such stamp or receipt shall be prima facie evidence of an intent to violate the provisions of this clause; or

(f) Knowingly or wilfully prepare, keep, sell, offer for sale, or have in his possession any forged or counterfeited documentary stamps or receipt; or

(g) Fail, neglect or refuse to comply with or violate the rules and regulations adopted by the Treasurer under provisions of this Ordinance.

## No. 186

Charles F. Dinan, 63, who passed away May 4, was born in the Lawrenceville

section of the City of Pittsburgh. After graduating from High School, he was employed as a salesman for many years, later working for the County of Allegheny in various capacities for about 16 years, the last four of which he served as the elected Treasurer of Allegheny County, before becoming a member of the Council.

He was a veteran of World War I and was a member of various military organizations. He was also active in civic affairs as well as many charitable and religious organizations.

As chairman of the Committee on Finance of Council, Mr. Dinan was a staunch defender of the City's credit, and his counsel was sought by people in and out of public service on financial problems. He was a prodigious worker and devoted to the good of the community.

Though a man of strong convictions, he was always sympathetic toward others. He made many friends during his tenure in public office, and those associated with him never ceased to respect his character. He laid down hard rules for his own conduct as a public servant, and required those under him to follow the same rigid standards.

Mr. Dinan was married and the father of a daughter. Pittsburgh has benefited by his life and contributions to the community's welfare. His death was a grievous loss not only to his family and many friends, but to this city which he loved and served faithfully.

Therefore, the Mayor and Council express their deep sorrow upon his passing, and move that this resolution be spread upon the record of the Council, and that an engrossed copy be forwarded to the bereaved family.

Now, Therefore, Be It Resolved by the City of Pittsburgh:

That the financial assistance provided under said Title I to assist urban renewal projects is needed and that the Housing and Home Finance Administrator is hereby requested to reserve for an urban renewal project in the proposed Urban Renewal Area described above Federal capital grant funds in an amount sufficient to enable the Urban Redevelopment Authority of Pittsburgh to finance the undertaking of the Project.

Section 3. That it is cognizant of the conditions that are imposed in the undertaking and carrying out of urban renewal projects with Federal financial assistance under Title I, including the requirements of said Title I respecting the workable program mentioned above, and that it is the sense of this body (a) that a feasible method for the relocation of families displaced from the urban renewal area, in conformity with said Title I, can be prepared, and (b) that local grants-in-aid, consisting of donations of cash, land, demolition or removal work, and the installation, construction or reconstruction of streets, utilities, parks, playgrounds or other improvements or the provision of other public buildings or facilities, necessary for carrying out in the Urban Renewal Area the urban renewal objectives of said Title I in accordance with the urban renewal plan, can and will be provided in an amount which will not be less than one-third of the net project cost and which, together with the Federal capital grant, will be generally equal to the difference between gross project

costs and the proceeds or value of project land sold, leased or retained for use in accordance with the urban renewal plan.

Section 4. That the filing of an application by the Urban Redevelopment Authority of Pittsburgh for an Advance of funds from the United States of America to enable it to defray the cost of the surveys and plans for an urban renewal project in the urban renewal area described above is hereby approved.

passed on in Washington, D. C., on Sep-  
tember 9, 1958.

Mr. Eberharter was born in Pittsburgh  
April 29, 1892, of a humble family. He  
attended grade and high schools in his  
native city, and graduated from Du-  
quesne University's Law School in 1925.  
He was a member of the Bar Association  
of Allegheny County, and became a mem-  
ber of the House of Representatives of  
the Commonwealth of Pennsylvania dur-

he was elected to the House of Repre-  
sentatives of the Congress of the United  
States, and served in that capacity until  
the time of his death.

He was a high-ranking member of the  
House Ways and Means Committee, the  
tax-writing body, and supported all so-  
cial legislation which he felt would bene-  
fit the citizens of this country. By his  
splendid achievements in Congress, he  
made an enviable record, and was hon-  
ored and respected by his colleagues.

The nation, his native state and city  
will miss his wise counsel, his devotion  
to public duty, his personal warmth and  
understanding of the problems he had  
to consider and act upon.

Therefore, the Mayor and the members  
of Council of the City of Pittsburgh  
hereby express to his family their deep-

Whereas, As part of the Pittsburgh Renaissance, the Fort Pitt Bridge across the Monongahela River and the Fort Duquesne Bridge across the Allegheny River

are being constructed, and upon their completion the Manchester Bridge across the Allegheny River and the Point Bridge across the Monongahela River will be removed; and

Whereas, The efficient use of the re-developed Point area and the arterial highway system crossing and bordering it will be seriously impaired if mass transportation therein is effected through the medium of fixed track vehicles; and

Whereas, Motor bus mass transportation to that area of Pittsburgh lying south and west of the Ohio River will materially simplify construction of Point State Park and the streets adjacent thereto, the Fort Pitt Bridge and Tunnel and the Fort Duquesne Bridge and will increase the use value of each of those facilities when constructed; and

Whereas, Motor bus substitution will to the extent of the area affected provide modern, efficient mass transportation with consequent important reduction in traffic congestion; Now, Therefore, Be It

Resolved, That the Council of the City of Pittsburgh does hereby declare its intent to:

- a. Cooperate with Pittsburgh Railways Company in its proposed program to provide motor bus mass transportation to that area of Pittsburgh lying south and west of the Ohio River;
- b. Join with Pittsburgh Railways Company and the Commonwealth of Pennsylvania, acting through its Department of Highways, in determining the most efficient routes for such traffic during the construction of the highway facilities and after completion of those facilities;
- c. Aid the Pittsburgh Railways Company in its bus conversion program by relieving that Company of some or all of its obligations to remove rails and transmission facilities within City limits;
- d. Direct the City Solicitor, in behalf of the City of Pittsburgh, to join in the Pittsburgh Railways Company's efforts to obtain the approval of the Pennsylvania Public

Utility Commission of the proposed abandonment of electric street railway service and the substitution thereof of motor bus service;

- e. Extend to the Pittsburgh Railways Company and to the Commonwealth of Pennsylvania the aid of the City of Pittsburgh to effectuate an efficient traffic pattern into and through the Point area.
